

## What is the Perkins Grant?

*The Perkins Grant is a federally-funded program that provides schools in all 50 states with funding to develop and maintain educational programs.*

## Who qualifies for the Perkins Grant?

- Career Technical Education Programs
- Community Colleges
- Vocational Schools
- Tech Prep Programs

## How can the Perkins Grant help my program?

*The most frequent uses of funds included:*

- Occupation-relevant equipment
- Academic-vocational integration
- Materials for learning labs
- Curriculum development or modification
- In-Classroom technology updates
- Expansion of tech prep programs
- School improvement e.g. CIM and CAM implementation

## Can I use the Perkins grant to provide the eHuman Atlases to my program?

*Yes. You can use the Perkins Grant to purchase any eHuman Atlas. The atlases are considered to be curriculum materials and in-classroom technology updates for your program.*

## How can I get the Perkins Grant?

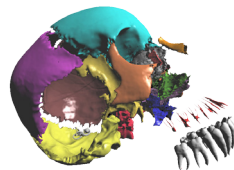

*Contact your institution's administrative offices to check on the availability of funds for your program.*
